Changing Lives – Fulfilling Potential

Return to School Plan Parent Agreement

At GMS we understand that it takes the whole community working together to educate our students. Parents, guardians and care-givers will be essential in supporting the health and wellness of our students and staff. Working together, supporting and caring for each other, we can help our students and graduates to continue making learning progress safely. As we continue to navigate this pandemic, we want to be certain that we maintain the strong communication with our parents/guardians. We ask that you read the School's Return to School Plan, then sign and return this form so we can be confident that you have received the information you need, understand the roles and responsibilities of both staff and parents/guardians and agree to follow the protocols in place for school as we move into the fall.
